

ALULOCK

LOCK, KEEP AND HANDLE

THE ALULOCK IS AVAILABLE EXCLUSIVELY FOR ALUTECH CUSTOMERS, PROVIDING TOP SECURITY ACCESSORIES FOR DOORS IN ONE EASY TO ORDER KIT.

The ultimate security kit combines a euro profile cylinder as standard, with the option to upgrade to the **Ultion 3 star barrel**, with the **Brisant Sweet Handle** and an exclusively designed **Duplex Double Hook Lock**.

ULTION STAYS LOCKED

The **Ultion 3 star barrel*** provides double the sacrificial protection, made from materials **25% denser** than iron and with twice the number of pins than the average lock available on the market (including an antipick pin) and **20-point drill protection** as standard.

If attacked, the barrel enters '**lockdown mode**', meaning the lock is practically impossible to penetrate without heavy and noisy power tools.

Ultion ensures security and durability for years to come.

THE DUPLEX DOUBLE HOOK LOCK

The **Duplex Double Hook Lock** has been designed by UK-based Ingenious' highly experienced and dynamic design team, providing a **6-point locking system** instead of 3-hook for additional security. It comes with a dual follower to allow twin spindle function, which prevents unauthorised entry when the lock is in a latched position.

Extremely robust with effortless operation, ideal for any modern, security conscious home.

THE SWEET HANDLE

The safe and stylish **Sweet Handle** is impressively durable, carrying multiple coatings of brass and nickel ensuring robust performance against the elements, with Brisant offering a **10 year direct to homeowner anti corrosion guarantee** for peace of mind.

The sleek curved design is not only pleasing to the eye, but is an impressive security feature - stopping gripping tools designed to snap off handles during break ins.

Available in a range of colours, including black, white, grey, chrome and stainless steel. Gold and rose gold also available.

*Optional upgrade.

To find out more about the Alulock exclusive kit, and to order contact your Alutech Sales Representative, call **01924 350 110** or email sales@alutechsystems.co.uk
